

Rockville Innovation Center

STRATEGIC LOCATION

- Minutes from Washington, D.C. along the thriving I-270 Technology Corridor in the heart of the new \$350 million Rockville Town Center project.
- Across the street from the Rockville Metro Station and near the headquarters of the U.S. Health and Human Services Administration, National Institutes of Health and the National Institute of Standards and Technology.
- Easy access to the region's three major airports offering 475 weekly non-stop flights to 34 destinations in 29 foreign countries.

VIRTUAL INCUBATOR PROGRAM

A Virtual Incubator Program (VIP) is being initiated to provide support to local businesses not currently located in one of the County's Business Incubator Network facilities. The goal of the VIP is similar to that of the Incubator Network – facilitate the growth and success of young, County-based companies, thereby stimulating job creation to benefit the local economy.

VIP ELIGIBILITY

Interested participants must be currently based in Montgomery County and must submit a viable business plan. They must demonstrate how they will benefit from the VIP, including potential for local job creation.

VIP RESOURCES AND BENEFITS

- Use of Network conference rooms, copiers, fax machines, mail boxes, etc.
- Attendance at weekly Network business educational and informational luncheons
- Access to all Network-related activities, mailing lists, website, etc.
- Support from Network staff including mentoring, linkages to targeted business programs, resources and networks, business plan review and guidance, referrals to a host of professional services, and more.
